ELECTRONIC FILLING SCALES

Product Name

DM ELECTRONIC FILLING SCALE – DOUBLE FILLING HEAD

Product Code

DM-EFSHD-045/060

Description

DM electronic filling scale is used for 8–15kg jumbo valve and f valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , oiml r76, ce (2284)

Advantages of the filling scales :

- Long lived and durable ex-proof loadcell (c3)
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low energy and air consumption
- Easy-to use menu and readable blue led screen
- Synchronized with pc and data collection

Product Name

DM ELECTRONIC FILLING SCALE – PNEUMATIC FILLING HEAD

Product Code

DM-EFSHF-045/060

Description

DM electronic filling scale is used for 8–15kg jumbo valve or self closing valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , oiml r76, ce (2284)

Advantages of the filling scales :

- Long lived and durable ex-proof loadcell (c3)
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low energy and air consumption
- Easy-to use menu and readable blue led screen
- Synchronized with pc and data collection

Product Name

DM ELECTRONIC FILLING SCALE – PNEUMATIC FILLING HEAD/ INDUSTRIAL TYPE

Description

DM electronic filling scale is used for 15–50kg jumbo valve or self closing valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , oiml r76, ce (2284)

Product Code

DM-EFSIF-045/120

Advantages of the filling scales :

- Long lived and durable ex-proof loadcell (c3)
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low energy and air consumption
- Easy-to use menu and readable blue led screen
- Synchronized with pc and data collection

Product Name

DM ELECTRONIC FILLING SCALE – MULTI TYPE FILLING HEAD

Description

DM electronic filling scale is used for 2–50kg all type valve lpg cylinders' filling. (All in one)

Certificates : 2014/34/eu atex , oiml r76, ce (2284)

Product Code

DM-EFSMT-045/120

Advantages of the filling scales :

- Long lived and durable ex-proof loadcell (c3)
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low energy and air consumption
- Easy-to use menu and readable blue led screen
- Synchronized with pc and data collection

ELECTRONIC FILLING SCALES

Product Name

DM ELECTRONIC FILLING SCALE - PNEUMATIC FILLING GUN

Product Code

DM-EFSHM-045/060

Description

DM electronic filling scale is used for 8-15kg f valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , oiml r76, ce (2284)

Advantages of the filling scales :

- Long lived and durable ex-proof loadcell (c3)
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low energy and air consumption
- Easy-to use menu and readable blue led screen
- Synchronized with pc and data collection

Product Name

DM ELECTRONIC FILLING SCALE - PNEUMATIC FILLING GUN / INDUSTRIAL TYPE

Product Code

DM-EFSIM-045/120

Description

DM electronic filling scale is used for 2-50kg all type valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , oiml r76, ce (2284)

Advantages of the filling scales :

- Long lived and durable ex-proof loadcell (c3)
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low energy and air consumption
- Easy-to use menu and readable blue led screen
- Synchronized with pc and data collection

ÖZKAR

Product Name

DM ELECTRONIC FILLING
SCALE - PISTON FILLING
HEAD

Product Code

DM-EFSHC-045/060

Description

DM electronic filling scale is used for 8~15kg jumbo valve or self closing valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , oiml r76 , ce (2284)

Advantages of the filling scales :

- Long lived and durable ex-proof loadcell (c3)
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low energy and air consumption
- Easy-to use menu and readable blue led screen
- Synchronized with pc and data collection

MECHANIC FILLING SCALES

Product Name

DM MECHANIC FILLING SCALE – DOUBLE FILLING HEAD/WITH TABLE

Product Code

DM-MFSMR-032

Description

DM mechanic filling scale is used for 2~15kg jumbo valve or self closing valve and f valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , ce (2284), patent

Advantages of the filling scales :

- Long lived and durable scales
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low air consumption
- Easy-to use scale

Product Name

DM MECHANIC FILLING SCALE – DOUBLE FILLING HEAD

Product Code

DM-MFSHD-032

Description

DM mechanic filling scale is used for 2~15kg jumbo valve or self closing valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , ce (2284), patent

Advantages of the filling scales :

- Long lived and durable scales
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low air consumption
- Easy-to use scale

MECHANIC FILLING SCALES

Product Name

DM MECHANIC FILLING SCALE - MULTI TYPE HEAD/MOVING ROTARY HEAD

Product Code

DM-MFSMS-110

Description

DM mechanic filling scale is used for 2~50kg jumbo valve and self closing valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , ce (2284), patent

Advantages of the filling scales :

- Long lived and durable scales
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low air consumption
- Easy-to use scale

Product Name

DM MECHANIC FILLING SCALE - PNEUMATIC FILLING GUN

Product Code

DM-MFSHM-032

Description

DM mechanic filling scale is used for 8~15kg f valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , ce (2284), patent

Advantages of the filling scales :

- Long lived and durable scales
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low air consumption
- Easy-to use scale

Product Name

DM MECHANIC FILLING SCALE – MULTI TYPE HEAD

Description

DM mechanic filling scale is used for 2~50kg all valve lpg cylinders' filling. (All in one)

Product Code

DM-MFSMT-110

Certificates : 2014/34/eu atex , ce (2284), patent

Advantages of the filling scales :

- Long lived and durable scales
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low air consumption
- Easy-to use scale

Product Name

DM MECHANIC FILLING SCALE – MULTI TYPE / ROTARY HEAD

Description

DM mechanic filling scale is used for 2~15kg jumbo valve or self closing valve and f valve lpg cylinders' filling.

Product Code

DM-MFSHR-032

Certificates : 2014/34/eu atex , ce (2284) patent

Advantages of the filling scales :

- Long lived and durable scales
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low air consumption
- Easy-to use scale

MECHANIC FILLING SCALES

Product Name

DM MECHANIC FILLING SCALE – PISTON FILLING HEAD (INDUSTRIAL TYPE)

Product Code

DM-MFSIC-110

Description

DM mechanic filling scale is used for 15-50kg jumbo or self closing valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , ce (2284), patent

Advantages of the filling scales :

- Long lived and durable scales
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low air consumption
- Easy-to use scale

Product Name

DM MECHANIC FILLING SCALE – PISTON FILLING HEAD/CAMPING TYPE

Product Code

DM-MFSCC-010

Description

DM mechanic filling scale is used for 2-8 kg jumbo valve or self closing valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , ce (2284), patent

Advantages of the filling scales :

- Long lived and durable scales
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low air consumption
- Easy-to use scale

Product Name

DM MECHANIC FILLING SCALE – PNEUMATIC FILLING GUN (INDUSTRIAL TYPE)

Product Code

DM-MFSIM-110

Description

DM mechanic filling scale is used for 15-50kg f valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , ce (2284), patent

Advantages of the filling scales :

- Long lived and durable scales
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low air consumption
- Easy-to use scale

Product Name

DM MECHANIC FILLING SCALE – PISTON FILLING HEAD

Product Code

DM-MFSHC-032

Description

DM mechanic filling scale is used for 8-15 kg jumbo valve or self closing valve lpg cylinders' filling.

Certificates : 2014/34/eu atex , ce (2284), patent

Advantages of the filling scales :

- Long lived and durable scales
- Easy set-up and utilization
- Adjustable (different cylinder diameters)
- Tested secure system
- Requires at minimum level maintenance and service
- Low air consumption
- Easy-to use scale

ÖZKAR

DM electronic filling carousel is used for big capacity lpg cylinders' filling.

Advantages of the filling carousel :

- Long lived and durable chasis
- Easy set-up and utilization
- Tested secure system
- Requires at minimum level maintenance and service
- Ergonomics at central tare encoding
- According the filling capacity it is produced with desired diameters.
- High safety electronic network and power connector

DM LEAK DETECTOR –
AUTOMATIC

Product Code

DM-LDA-3000

Description

If it finds a leakage, it will separate the cylinder from conveyor belt automatically.

Certificates : 2014/34/eu atex , ce (2284)

Advantages of the the leak detector :

- It provides transportation of 100% tested and fully filled cylinders to last user.
- Savings from operator work force thanks to being automatic
- Easy installation, easy-to-use and easy setting&maintenance
- Low power consumption
- Minimum maintenance
- 3.5" Led screen
- Works full automatic, and determine faulty cylinders and separate them out of system
- Easy connection with computers to data collection
- Can be produced for all valve types
- Can be produced one or double-headed for different capacities
- Height of the machine can be adjusted for different cylinders

Product Name

Description

DM LEAK DETECTOR –
SEMI-AUTOMATIC

It should be used on conveyor belt or fixedly. A dedector head is fixed to it's place by hand. When it finds a leakage, it gives the alarm.

Product Code

Certificates : 2014/34/eu atex , ce (2284)

DM-LDM-3000

Advantages of the the leak detector :

- It provides transportation of 100% tested and fully filled cylinders to last user.
- Easy installation, easy-to-use and easy setting&maintenance

- Low power consumption
- Minimum maintenance
- 3.5" Led screen
- Easy connection with computers to data collection
- Can be produced for all valve types
- Can be produced one or double-headed for different capacities
- Height of the machine can be adjustable for different cylinders

GAS TRANSFER PUMP

Product Name

DM HYDRAULIC GAS
TRANSFER PUMP

Product Code

DM-HGTP-006
AND DM-HGTP-012

Description

It provides transfer of gas between cylinders or between a cylinder and a pressure vessel.

Advantages of the DM gas transfer pump:

- Long lived pipe made out of titanium
- Min. Air consumption
- Benefits from advantages of hydraulic system
- Ex-proof electric engine

SKID SYSTEMS

Product Name

DM SKID ON TYPE
FILLING STATION

Description

Designed for low capacity fillings, ready-to-use & mobile systems.

Advantages of the DM skid on tpye filling station:

- Easy installation & easy-to-handle & safe
- Building, plot and construction works are not necessary. It is an economical system.
- Very suitable to use in rural areas.
- Low energy consumption
- Easy to carry. It can be montaged to any place easily.
- Tank capacity can be chosen (customer request).
- In 10 m³ systems, there are 2 skids in one container. Thanks to this system, customer make a high logistic profit.
- Turnkey project
